

CASTLEHEAD HIGH SCHOOL

HOMework POLICY - SEPTEMBER 2026

SCHOOL VISION AND VALUES

One of the key aims of the school, supported by its current values is to develop all our young people and provide the best education possible so they can become productive and fulfilled citizens who progress into positive working lives and careers.

At all times our values should be visible within our school community:

- AMBITION
- RESPECT
- KINDNESS

To ensure this, we need to work in partnership with all parents/carers and community partners to offer the widest possible curriculum that develops personal and social skills and ensures they attain suitable qualifications to progress to positive destination after school.

PURPOSE

The purpose of this policy is to provide an overview of our homework expectations at Castlehead High School. It is the policy of the school that all students have appropriate and proportionate homework in all subjects. Subjects that deliver homework and give timely/effective feedback can support records to establish working grades and setting target grades. Homework can also be used to gauge what further learning is required. The best type of work is probably that which reviews and reinforces course work and checks understanding. Consistently giving work that involves completing class work is not recommended as it may affect work application in class and does not help to test/review or extend knowledge.

RESPONSIBILITIES

CASTLEHEAD HIGH SCHOOL STAFF	CASTLEHEAD HIGH SCHOOL LEARNERS	CASTLEHEAD HIGH SCHOOL PARENTS/CARERS
Provide engaging homework tasks that reinforce coursework and check understanding. Use homework outcomes to assist future planning.	Ensure they understand homework expectations, consult with teacher if not. Ensure deadlines are met. Act on feedback provided and seek further assistance from teacher if feedback is not clear.	Encourage and support child to complete homework. Ensure they meet deadlines. Encourage child to access the additional resources to further challenge child's learning.

ADDITIONAL SUPPORT NEEDS

Any student with Additional Support Needs (ASN) should be supported appropriately with respect to homework. Where necessary work should be appropriately differentiated or the task suitably modified to ensure the student can access and complete the task.

SACHEL ONE

Homework tasks will be set via Satchel One. Satchel one can be accessed on all devices and through the GLOW log in landing page. Instructions on how to use Satchel One can be found on our website:

<https://www.castleheadhigh.com/satchel-one/>

TIME

Each department homework expectations are below and will provide the time a learner should ideally spend on homework for those subjects each week. There will be exceptions to this expectation; for example, if a student has an assessment or there is a holiday etc.

Some students may choose to spread the work over more nights or use the weekend time, depending on other commitments.

COMUNICATION WITH PARENTS/CARERS

If there is a concern relating to a learner's homework, or there is little homework being submitted, the department's Principal Teacher/Faculty Head will make parents/carers aware. If a parent/carer is expected to respond to this concern, it will be made clear in the communication.

DEPARTMENT OUTLINES

Department homework expectations are outlined over the remaining pages. The tables give an overview of what homework learners will be expected to complete. If a learner completes homework, they can access the additional resources to further support their classwork.
